The Maricopa County Trail Commission is conducting the second in a two-set series of public open house meetings to gather feedback and input about corridor plans for the **Maricopa County Regional Trail System**. Two major components are being evaluated during this third phase of the Maricopa County Trail System plan. The first component evaluates corridors linking San Tan Mountain Regional Park with Estrella Mountain Regional Park with Buckeye Hills Recreation Area with White Tank Mountain Regional Park. The second component explores potential connections between communities, wilderness areas and other points of interest throughout western Maricopa County.

Your input will be sought on trail routing, placement and physical design.

Your comments during this crucial phase are an integral part of the study process. Study team members from the Maricopa County Department of Transportation (MCDOT) will be available to answer questions and take comments. Plan to attend the meeting in your community and learn more about this exciting regional project. Reasonable accommodations may be made available for people with disabilities with a minimum 72-hour notice. Call (602) 506-8003 for information.
